

Way To Reach
Solution In Chemicals

WOICHEM is a premier specialty chemicals trading company!

**We provide a wide range of products for workshops, manufactures, industries,
and everyone interested to create well!**

About Company

Our Commitment

- We endeavor to be best company to “work for” and the best company “to buy from”
- Surpassing customers expectations by providing prompt, efficient and better services
- Building and Maintaining Customer Relationships
- Conducting our Business with at-most Economy and sound business principles

Our Straight

- Well aligned to systems and business values of our Customers.
- Experienced and skilled manpower
- Better Customer Service
- Timely supplies from ready stocks
- Capacity and infrastructure to cater to Global requirements
- Adequate financial strength to meets the business needs

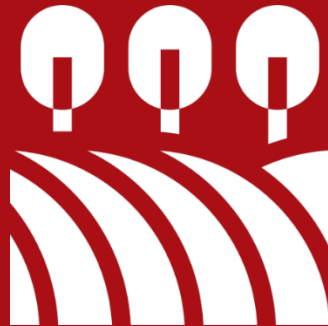

Our Philosophy

WOCHEM Co. will remain focused on its original mission to serve as a sourcing specialist by developing relationships with specific producers, answering the needs of its customer base.

WOCHEM Market

- Agriculture, Feed and Animal Care
- Automotive and Transportation
- Beauty and Personal Care
- Construction and Infrastructure
- Chemical Manufacturing and Industrial
- Consumer Goods and Appliances
- Electronics and Electric
- Food and Beverage
- Healthcare and Hygiene
- Home Care and Industrial Cleaning
- Oil, Gas and Mining
- Packaging
- Paints, Inks and Coatings
- Petrochemicals
- Plastic and Rubber
- Textiles, Leather and Nonwovens
- Water and Power
- Wood, Pulp and Paper

Agriculture, Feed and Animal Care

Agriculture, Feed and Animal Care

- Additives for agrichemical formulations
- Chemical intermediates
- Natural preservatives
- Emulsifiers
- Surfactants

Automotive and Transportation

Automotive and Transportation

- Weather-stripping
- Impact modifiers for injection-molding compounds
- Specialty elastomers for long-lasting performance
- Polyurethane foams
- Reactive hot-melt adhesives
- Composite resins
- Silicone adhesives
- Silicone
- Polyurethane solutions
- EPDM solutions
- Foams,
- Thermally conductive
- Lighting seals
- Bumper fascia
- Conformal coatings

Beauty and Personal Care

Beauty and Personal Care

- DIOLS Products
- Miscellaneous - Cosmetics
- Vegetal Oils
- Carbohydrates
- Exfoliants
- Liquid Crystal Monomers

Construction and Infrastructure

Construction and Infrastructure

- Proven silicones
- Weatherproofing,
- Insulating
- Polyurethane
- Acrylic binders and additives
- Cellulosic technology

Chemical Manufacturing and Industrial

Chemical Manufacturing and Industrial

- Additives
- Catalyst
- Solvent
- Filler
- Raw materials
- Polymerization inhibitors

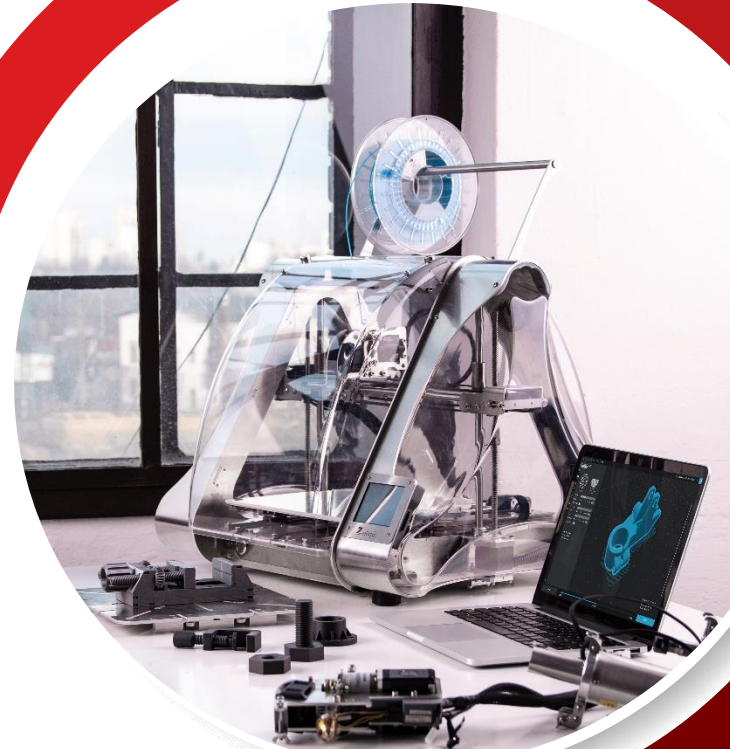

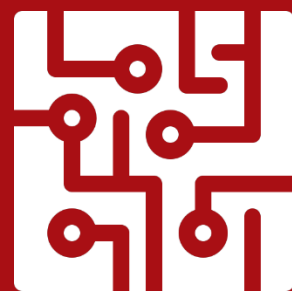

Consumer Goods and Appliances

Consumer Goods and Appliances

- Footwear products
- Bedding with enhanced support
- Custom-molded foams and integral skin
- 3D printing
- Silicone Rubber

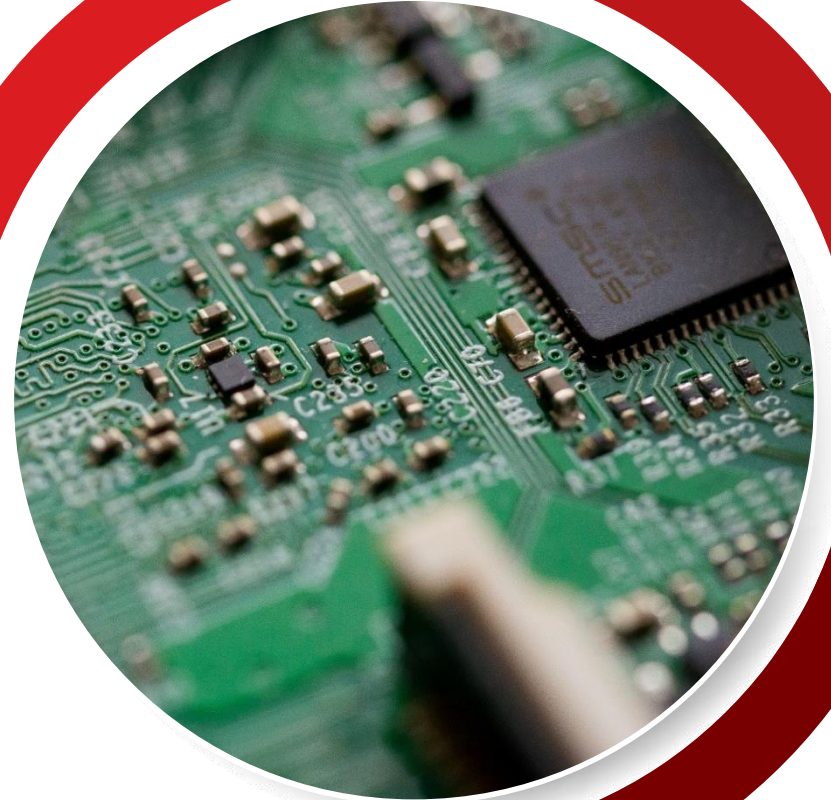

Electronics and Electric

Electronics and Electric

- Conductive Adhesive
- Silicone Elastomer
- Fast Cure Silicone Elastomer
- Thermal Gap Filler
- Thermally Conductive Gap Filler
- Adhesive
- Thixotropic Foam

Food and Beverage

Food and Beverage

- Silicone Antifoams
- Food Additives
- Food Preservation
- Food Flavoring
- Food Grade Molding Materials

Healthcare and Hygiene

Healthcare and Hygiene

- Diapers and Absorbent Products
- Glycols
- Elastomers
- Plastomers

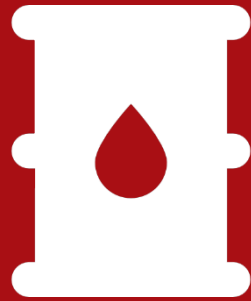

Home Care and Industrial Cleaning

Home Care and Industrial Cleaning

- Antifoams
- Surfactants
- Chelants
- Solvents
- Dispersants
- Polymers detergents
- Additives
- Floor care polymers

Oil, Gas and Mining

Oil, Gas and Mining

- Efficiency improve materials
- Equipment materials
- Quickly and safely adjust operations
- Reduce impact to the environment
- Antifoam
- Foam control agent
- Wax Inhibitors

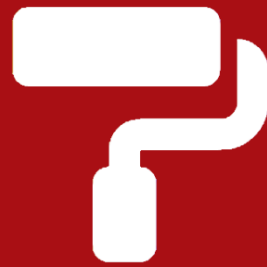

Packaging

Packaging

- SEAL
- Hot melt adhesives
- Rigid Packaging
- Coatings, Sealants and Lacquers
- Heavy-Duty Shipping Sacks
- Protective Films and Foams
- Shrink Films
- Stretch Films for Packaging
- Stretch Hood
- Sustainable Packaging

Paints, Inks and Coatings

Paints, Inks and Coatings

- Silicones
- Solvents
- Surfactants
- Additives
- Hardeners
- Resins
- Pigments
- Matting Agent
- Plasticizers
- Solutions for evaporation rate control

Petrochemicals

Petrochemicals

- Additives
- Inhibitors
- Catalysts
- Solvents
- Adsorbents

Plastic and Rubber

Plastic and Rubber

- Rubber Additives
- Performance Polymers
- Plastic Additives
- Polyamides and Intermediates
- SBR
- BPR
- ABS
- SB Latex
- Adiponitrile

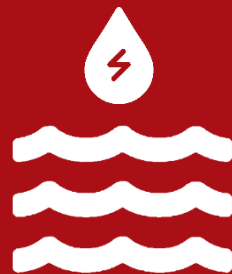

Textiles, Leather and Nonwovens

Textiles, Leather and Nonwovens

- Anti-creasing Agent
- Bio-scouring Enzyme
- Core Alkali Neutraliser
- Deaerator
- Defoamer
- Desizing Enzyme
- Dye Bath Conditioner
- Peroxide Neutraliser

Water and Power

Water and Power

- Algaecides
- Antifoams
- Biocides
- Boiler water chemicals
- Coagulants
- Corrosion inhibitors
- Disinfectants
- Defoamers
- Flocculants
- Neutralizing agents
- Oxidants
- Oxygen scavengers
- pH conditioners
- Resin cleaners
- Scale inhibitors

Wood, Pulp and Paper

Wood, Pulp and Paper

- Wood preservation
- Fire protection
- Wax additive
